

English

Fiction – Narrative:

This unit enables the children to structure stories in paragraphs involving issues and dilemmas which need to be resolved.

Non-Fiction – Instructions and :

The children will create instructions for making items used by pirates.

Poetry – Creating Images:

The children will be using figurative language to describe everyday objects. They will be using similes and metaphors.

Science – Grouping Living things

This unit gives children the opportunity to work scientifically. They will be learning how scientist use classification keys. They will begin to use these to construct their own keys.

Maths

The children will concentrate on reading, writing and solving with numbers up to 4 digits with understanding of; Number & Place Value, Addition & Subtraction Multiplication & Division

Curriculum Web Year Four Autumn Term 2

Religious Education – Advent

Children will understand the traditions and celebrations which surround the season of Advent for Christians both in Great Britain and other countries.

PSHE – Celebrating difference:

The children will be learning how to accept people for who they are and not what they look like. They will also learn why it is hard to spot bullying and how a witness may join with a bully rather than telling an adult.

Curriculum Enrichment Topic: Pirates and Smuggling

The children will be combining aspects of History, Geography and DT

- *What was life like as a pirate?
- * Develop a secure chronological understanding.
- * Learn about smuggling both in the past and present.
- * Understand the various roles of the crew
- * They will begin to understand the terms primary and secondary sources.
- * To describe different coastal formations around the UK and how they are formed
- * To understand why coastal developments occur

P.E. – Dance & Invasion Games

Dance: Children will perform dances linked to our topic of pirates, focusing on movements to communicate an idea in a clear and fluent way while refining movements into sequences.

Invasion Games: Children learn how to throw, catch and move, to attack or defend. They will develop skills in finding spaces and throwing accurately.

Visits/Visitors

The children will be participating in 'Pirate Day'. They will have the opportunity to dress as a Pirate and sing shanties and

Computing –Formatting and Coding

Children will use an efficient procedure to simplify a programme and recognise an error and debug it. They will also use a variety of tools to create a programme
