Rapunzel

by the Brothers Grimm

In a land far away, lived a poor farmer and his wife. One day they tried to pluck fruits from their neighbour's garden. But their neighbour was actually an old, wicked witch. She screamed, 'How dare you steal from my garden! I'll turn you both into rats!' The couple trembled with fear. Finally, the witch said, 'Very well, I will let you go but in return you must give me your first child.' They were so scared that they immediately agreed and fled.

A few years later, a beautiful baby girl was born to the farmer and his wife. Immediately, the old witch came and snatched the girl away from them. She named her Rapunzel and kept her locked up in a tall tower with no door, just a small window at the very top. Rapunzel grew up to be a beautiful girl with the deepest blue eyes, a sparkling smile and most beautiful of all was her long, flowing, golden hair.

The only person Rapunzel ever saw was the old witch. Every day, the witch used to come to the foot of the tower and call up. 'Rapunzel. Rapunzel, let down your hair!' Then Rapunzel would let her long plait fall out of the window and the witch held on tight and climbed up.

One day, a prince happened to be riding by as the witch called up to Rapunzel. He hid behind a tree to watch. As soon as the witch left he too decided to try.

'Rapunzel. Rapunzel, let down your hair!' he cried and swiftly climbed up into her room. She was stunned to see a prince clamber through her tiny window!

She stared in amazement... never before had she seen such a handsome face. In an instant the prince too fell in love. Secretly they met each day after the witch had left. However, one day by mistake, Rapunzel said to the witch 'My, you are much heavier than my prince!' this sent the witch into a fury! She screamed and ranted as she realized what had been going on. In a furious rage she chopped off Rapunzel's hair and banished her deep in to the forest.

Later that day, when the prince came calling he found the witch waiting for him at the top of the tower. She cursed and screamed some more before casting a spell on him. It was an evil spell that made the prince lose his sight. Now blind and broken-hearted, the price roamed aimlessly through the forest.

Many days later, Rapunzel stumbled across him lying scratched and wounded amongst a prickly bush. At the sorry sight of him, she immediately began to cry. As her tears fell upon him, his wounds healed and his sight was restored!

After 4 long days of blindness, the first thing the prince saw was his beloved. They were overjoyed to find each other again. They went away to his kingdom and lived happily far, far away from the wicked old witch.
