**We can go, go, go!**

**We go near, we go far.**

**In a bus or a car.**

**We go high, we go low.**

**So, where should we go?**

## Writing

Who do you meet along the way?  A fluffy red squirrel	
Who else do you meet?  A friendly grey pigeon	

These are the third and fourth

h sections of my plan and now I am going to use them to write the next section of my story – remembering to use my capital letters, full stops, conjunctions to join my sentences together and using the adjectives I have written in my plan.

Remember to read the sections you wrote last week back to yourself.

**You can use this model write to help you:**

First they had to collect their friend Red Squirrel. Red Squirrel was tiny but had a big fluffy tail. She was easy to see because she was bright red so she never got lost.

Next they collected their friend Grey Pigeon. Grey Pigeon was very loud but friendly so they liked him. He was called Grey Pigeon because he was grey.

## RE – Christianity

Sometimes Jesus told parables to people. A parable is an easy-to-understand story that helps people understand something that is very hard to understand. Jesus told a parable about two men who each decided to build their own houses. The two men went out looking for the perfect place to build the house.

The first man was very wise and thought carefully before building his house.

“I will find a place that is flat and hard to build my house, so that it will never fall down!” He said. He searched for a long time until finally he found a large open space made of rock. It was perfect! He built his house on the rock, feeling confident that it would be strong and safe.

The wise man lived in his house for a long time. Lots of storms came and winds blew against his house, but it didn't fall down because it was built on the strong and stable rock!

The second man was impatient and not very wise. He wanted his house now! He bought the first piece of land he saw and just started building, not bothering to check if the ground was strong and stable. He didn't even notice that he had built his house on a

pile of sand! His house kept slipping and sliding but the second man didn't care!

"The quicker I build this, the quicker I'll be able to shelter inside."  
He said.

When the second man finished his house, he moved in. Guess what happened when the first storm came? The winds blew, and the rains came down and the second man's house fell apart. It fell apart because it did not have a strong foundation.

Christians believe that Jesus told to story to explain to people that they had to have a strong foundation to build their life on. Christians believe that if they live like Jesus they will be like the wise man and bad things won't bother them.

**Now, let's learn a song about the story!**
