

	Friday 19th June 2020 <u>Home Learning – Year 2 – Term 6 week 3</u>
Reading 	<p>Today you will be comparing the worms and snails that you have read about this week. On Monday and Tuesday, you read about snails and on Wednesday and Thursday you read about worms.</p> <p>On page 3 you can find an example of how to set it out and compare them. When comparing think about what's the same about snails and worms and what is different. You could compare where they live, the body parts they have and what they like to eat.</p>
Writing 	<p>Today, you are going to finish writing your letter to Mrs Rankin about the importance of bees and why we should help them.</p> <p>Look back at my example from yesterday if you need it to help you!</p> <p>We would love to see your letters. Don't forget you can send them for info@arkblacklandsprimary for us to see 😊</p>
