

## English

The children will be reading the story 'The Three Little Pigs'. They will explore the story through a variety of fun activities including drama and picture sequencing. The children will then use their imaginations to write an alternative version using story language. We will focus on using capital letters and full stops.

# Curriculum Web Year 1 – Term 1

This term the Year 1 Learning Journey will be:  
**All around me**

## Maths

The children will consolidate their knowledge of numbers to 10 – counting, reading, writing and number bonds. They will begin to double and halve numbers, find one more and one less and compare numbers. The children will deepen their understanding of addition and subtraction to 10. They will name and identify the properties of 2D and 3D shapes.

## Geography

In Geography we will be learning about our local area. We will learn about what we like and dislike about our local area and any changes we would make about it. We will discuss where people live and work in our local area.

## Science

The children will learn to name and recognise a variety of everyday materials. They will explain the difference between an object and a material and to describe the properties of materials. They will identify why certain materials for an object is a good or bad idea and will be able to sort objects based on the materials.

## P.E.

P.E lessons will take place twice a week **Wednesday and Thursday.** Children will need to **come to school** on these days in their PE kits. **Please ensure the children are wearing black plimsolls or black trainers. No earrings are allowed for PE lessons** This term the children will explore different ways of moving and develop fundamental movement skills. The

## Computing

The children will understand online safety and start to explore 'Purple Mash'. They will learn how to log in safely and to become familiar with the resources available. They will be able to sort and group items according to the criteria on the computer.

## Art /DT

In art this term we will experiment with colour and create different colours using mixing. The children will develop a knowledge of primary colours, warm and cool colours. They will use tints and shades to make etched art work.  
In DT we will be exploring our environment using different materials.

## PHSE

This term we will focus on the transition from reception to year 1. We will discuss relationships and the feelings and emotions involved in the transition. The children will understand their importance to the class and what it means to feel proud of their achievements so far.

## Music

The children will learn about pulse and rhythm. This will involve children counting beats, maintaining pulse and exploring rhythm using a range of materials.

## R.E.

In R.E. the children will be investigating the question Does God want Christians to look after the world?
